

First Grade News

September 22, 2008

Religion: Our Bible stories for this week are about Moses and the children of Israel. God took care of them while in slavery and takes care of us today.

Memory verse:

"Show me Your ways, O Lord...guide me in Your truth and teach me." Psalm 100:2

Spelling: We are reviewing the sounds that we have learned so far this school year: short a, short I, sh, and th.

English: We will be working on learning the different kinds of sentences: statement, question, and exclamation.

Reading: The new story for this week is called "Ships". It is taken from a children's magazine and is a nonfiction story. No new sight words for the week. We will also be working on learning the parts of a magazine.

Math: Our lessons this week focus on counting to twenty-three, writing addition sentences, ordinal numbers, and the addition of doubles. Attached to this note is a copy of the "Doubles Rap" that we will be learning. It will help the children to learn the doubles addition facts!

Social Studies: Amber and Sarah will present their personality bags this Wednesday.

Science: Our lessons this week are on how heat changes matter.

FYI: The children had a great time at SciWorks last week. Thanks to the dads for driving! Our workshop there fit in perfectly with what we have been learning about matter.

We are fortunate to have Miss Cheryl Wolfert, a member of our congregation, read to us each Thursday afternoon. Miss Wolfert works at Wachovia and brings us a brand new book for our classroom each week.

Our Mission is Fishin'
